Join us for a lunch discussion with Prof. Regine Choe

Friday, November 18 2011
12:00 PM - 1:00 PM
108 Goergen

Regine Choe is an assistant professor of Biomedical Engineering at the University of Rochester. She obtained her B.S. in Physics at the Pohang University of Science & Technology in Korea. She received her Ph.D. degree in Physics & Astronomy from the University of Pennsylvania in 2005.

Her research interests are the development and application of diffuse optical techniques to various human diseases (e.g. cancer) and organs (e.g. breast and brain). She is a recipient of NIH Howard Temin Pathway to Independence Award (K99/R00) analysis project.

Brown bag lunch: bring your own lunch and join in the discussion! Topics of discussion will include career options and job search advice.

All faculty and students (graduate and undergraduate) are welcome!
